Substance of Interview including description of the general nature of what was agreed to if an agreement was reached, or any other comments:

Applicant argued that the Ojima et al. reference failed to show the components pre-assembled prior to attachment to the vehicle body. In addition applicant stated that the means plus function language in the claims was clearly disclosed in the specification. Also the antecedent basis problem on line 11 of claim 1 can be overcome with the phrase "the window shade web". The examiner stated that further consideration of the rejection is needed. A proposed amendment to claim 1 was discussed which adds the (of Ojima et al.) limitation of "prior to being attached to the vehicle body. This may overcome Ojima but requires further consideration.

(A fuller description, if necessary, and a copy of the amendments which the examiner agreed would render the claims allowable, if available, must be attached. Also, where no copy of the amendments that would render the claims allowable is available, a summary thereof must be attached.)
